The screenshot shows a web-based form builder interface. On the left is a sidebar with navigation icons for Setup, Fields, Settings, Marketing, and Payments. The main area is titled "Now editing Blank Form" and contains a "Field Options" panel on the left and a "Blank Form" preview on the right. The "Field Options" panel has two tabs: "General" and "Advanced". The "Advanced" tab is selected, showing settings for a field named "Name (ID #1)". The settings include "Field Size" (Medium), "First Name" (Placeholder: نام), and "Last Name" (Placeholder: نام خانوادگی). There are also "Default Value" and "Placeholder" fields for each. At the bottom of the panel are "Hide Label" and "Hide Sublabels" checkboxes. The "Blank Form" preview shows two input fields: "نام" (First) and "نام خانوادگی" (Last). A "Submit" button is at the bottom right. Red arrows point from the "Advanced" tab and the "Hide Label" checkbox to Persian text annotations.
